

3.0V Li-MnO₂ Battery CR2032

Model No.	CR2032
Category	Lithium Manganese Dioxide Button Cell [Portable]
Trade mark	
Postal address	Lidea-Malak Tech. Park, No.249 Lidu Rd., Lihu Community, Xihu Subdistrict, Guangming District, Shenzhen City, Guangdong Province, China.
Web and Email address	www.lideabattery.com / sales@lideabattery.com
Model	CR2032
Batch number	Marked on batteries
Manufacturer	SHENZHEN LIDEA BATTERY CO., LTD.
The place of manufacture	Lidea-Malak Tech. Park, No.249 Lidu Rd., Lihu Community, Xihu Subdistrict, Guangming District, Shenzhen City, Guangdong Province, China.
The date of manufacture (month and year)	See Packing Label
The weight (g)	3.0
The capacity (mAh)	230
The chemistry	C: Li-MnO ₂
The hazardous substances present in the battery, other than mercury, cadmium or lead	None
Usable extinguishing agent	Carbon dioxide, Dry chemical, Foam extinguisher
In a concentration of more than 0.1 % critical raw materials	Manganese dioxide, Graphite, Lithium
Average duration when used in specific applications	1250 Hrs (Discharge at 15KΩ to E.V. 2.0V)
Non-rechargeable Label
